SEMI-WEEKLY—TUESDAYS AND FRIDAYS

Dewey Cable Airport Will Serve Many In Community

VOL. LI. UPLAND, CALIFORNIA, TUESDAY, JULY 3, 1945. NO. 18

## Resuscitator Is Ordered for City; School Planned

A resuscitator has been purchased for the community.

Members of the Upland Police reserve committee today have an order with a Glendale manufacturer for the latest type and most widely approved resuscitator. The order was placed after financial response following an appeal assured the group enough money would be contributed.

Less than a month ago the police reserve started a community project of raising money so that a resuscitator could be added to the city's emergency equipment. This specialized device will arrive here next week.

In the meantime, however, an additional appeal is made for approximately $300 more. When this money is contributed and the resuscitator and allied equipment are paid for, a presentation will be formally made to the city by the reserve.

The police reserve committee conferred for more than five hours to select the equipment believed to be the most suitable for the community. On the committee are Harold Barbour, chairman, Earl Head, Oris Heinauer, Howard Paulin and E. E. Carter with Joe Seitz, president of the reserve, ex-officio.

To instruct all officers in operation of the new equipment, a school will be conducted Monday in the city hall. Invited to attend are all members of the regular police force, and members of the reserve and members of the Upland Volunteer Fire department. The instructor will explain the many features. It is pointed out that attachments have been obtained to enable two persons to receive aid of the equipment if necessary.

Enough contributions have been received to justify placing the order and enough interest has been shown to indicate that additional money will come in soon, according to Mr. Barbour.

The following contributions are acknowledged:

| | |
|---|---|
| Personnel of Green Memorial Hospital | $50 |
| Ananymous | 25 |
| Joe Beitzell | 1 |
| J. F. Leed | 10 |
| Otto S. Roen | 5 |

Mr. Roen, who is executive director of the Upland Housing authority, and who has served in various public capacities, highly praised the effort to obtain the instrument and emphasized it is vitally needed to meet any emergency.

## Coordinators To Sponsor Forum On Delinquency

Upland Coordinating council will sponsor a public forum or mass meeting on juvenile delinquency in its general aspects and on specific steps necessary to be taken to establish a 24-hour school in the county to which youthful law offenders may be committed without turning them into hardened criminals, it was decided at a meeting last Friday.

If a 24-hour school were established, it was stated informally, about 15 Upland boys and girls and about 40 Ontarians would be candidates for admission.

**INVITE ONTARIANS**

The group agreed to invite participation by the Ontario Coordinating council and to inquire whether or not the forum could be conducted under the Chaffey college adult education program.

An authority in the field of juvenile delinquency would be invited to address the meeting. Names of Assemblyman R. Fred Price, San Bernardino County Superior Court Judge Frank Leonard and Loren G. Middough were mentioned as examples.

The idea was suggested by Judge M. G. Summers of LaVene.

**PRICE BILLES PASSED**

He said that three bills were introduced in the legislature at its last session by Assemblyman Price of Upland to correct juvenile delinquency problems and that two were passed by the senate and assembly.

One holds parents responsible for the criminal acts of their children. The other empowers local judicial officers to hear cases involving juveniles on misdemeanor charges, giving superior court juvenile judges more time to try felony charges. A bill holding parents responsible for acts of their children in civil actions was not passed.

**MASS MEETING ASKED**

Jude Summers, a retired lawyer who declared he takes an interest in children because he and his wife have none of their own, said intermediate correction schools are urgently needed in rural counties.

Children sent to Whittier or Preston, he said, are trained in crime and graduate as hardened criminals.

Juveniles have been arrested as many as 10 to 12 times in San Bernardino, he recounted, and are turned free because facilities are not available to take care of them.

Judge Summers asked the council to sponsor a mass meeting at which a petition would be signed directed to the legislature to authorize county supervisors to provide intermediate correction schools.

**BACKGROUND NEEDED**

Individual members of the coordinating council expressed agreement that the 24-hour schools are needed but suggested that the forum be held to give the public background information.

At the meeting were Mrs. P. W. Rohrbaugh, chairman, Edgar C. Pierce, secretary, Mrs. Velda Wiley, treasurer, Harold W. Cook, Wiley W. Mather, Judge Fred H. Jacobs, Rev. C. R. Heisey, Joe Valadez, Mrs. James Martinez, Mrs. Maude M. Linsley, Mrs. D. F. McKean, Mrs. Eva G. Moore and Miss Olive Wilkowski.

Edward Pratt, Vineyard avenue, Cucamonga, returned home Saturday after receiving medical care at San Antonio Community hospital.

## Say Kaiser Mill Cost $80,000,000

County Tax Assessor Max A. Cramer announced Saturday that he proposed a tax valuation of $15,172,160 on Henry J. Kaiser's steel mill at Fontana and Vulcan mines on the desert for 1945-46.

He said Mr. Kaiser had requested an $8,000,000 assessment.

Last year, Mr. Cramer related, he proposed an assessment of $14,493,060 on Kaiser holdings, but the county board of supervisors acting as a board of equalization reduced it to $10,200,000.

Mr. Cramer said the company spent $42,500,000 in the county, principally at Fontana and Etiwanda, two years ago, another $26,000,000 last year and $11,000,000 this year, a total of nearly $80,000,000.

Assessments were $8,914,860 as set by the board of equalization two years ago and $10,200,000 last year, Mr. Cramer said.

## Rotarians in "Debunking" Role as Officers Change

One of the outstanding events in the community is the "debunking" ceremony annually conducted by the Upland Rotary club. The event also unites ex-members of the club and their wives and guests in an informal, enjoyable evening, where formalities are omitted and where repartee plays an important role.

The "debunking" ceremony consists of the retiring president being relieved of his duties and of past presidents unceremoniously accepting him into their ranks of "has beens."

Rotarians were somewhat "easy" on E. Birch Harrison last night. That is, compared with previous events when the past president was actually dethroned.

Mr. Harrison, who left Upland about 20 years ago to own a bank at Carlsbad, N.M., and who returned here in recent years, was privileged to give "another" talk about Carlsbad. Many times during the year Rotarians have been privileged to hear the phrase, "Now, back in New Mexico." And so Past President P. H. "Mac" McQuillen urged him to tell the club some more about New Mexico. He wasn't allowed to speak, however, until a big, battered old cowboy hat adorned his head, a gun holster was wrapped about him and salt poured over his shoulders.

Undisturbed by this treatment and handsome in the wild west attire, the distinguished leader of the club persisted to the end to talk about New Mexico. He told of a treasure hunt in one of the undeveloped canyons in the wilds out from Carlsbad.

E. Tweed Stone, another past president, who is one of the most polished speakers in the community and a scholar in proper platform procedure, served as program chairman. The large and responsive group of members and guests quickly applauded and chided Mr. Stone when he slipped a time or two in introductions and brought what might have been embarrassing incidents to the club.

But last night was the night for "debunking," and the Rotarians made the most of everything.

When Mr. McQuillen had concluded his debunking ceremony, and when the final piece had been spoken by the president about New Mexico, Past President Orton P. Brady struck a serious note and expressed the appreciation of the club for the outstanding service given by Mr. Harrison. He was awarded a past-president's pin and the gavel that he used during the year to conduct the meetings.

John W. Shepperson, likewise a man who has been through the unique experience as president of the active club, welcomed Eugene L. Mueller into the role of presi-

## Food Store Buys Civic Center Site

After several months of delay, the Shopping Bag market, with headquarters in Eagle Rock, today began final negotiations for the purchase of its site for a postwar grocery store building on Second avenue at D street, immediately south of the city hall.

The proposed transaction, started earlier in the year, was delayed for more than a month at the request of the Upland chamber of commerce. During this interim, the city council conducted a postal card survey to determine if the general public favored the city buying this site for civic center use.

When the survey showed sentiment not in favor of the city obtaining the property, the chamber notified proprietors of the market and expressed appreciation for the attitude shown in permitting the survey.

Since then, however, until today no action was reported on the transaction, which has been resting in escrow. Reports today from owners of the property indicated the transaction was revived and that the deal would be completed within a few days.

## Sound Thinking Needed On Reconversion—

As the war draws toward its final stage, clear thinking is essential if the things we have fought for, or against, are not lost in the shuffle.

An important recent development is the announced policy of the War Production Board, as presented in the report of Chairman Krug. It sets forth the principles that will be given the decisions of the WPB during the reconversion period and stands out as a document of history-making importance.

It affirms faith in free enterprise. It rejects the idea that government planning, in the sense of control by blue print, can be as effective or lead to as desirable ends as private planning. It takes its stand on the simple ground that government regulation, administration and control would impede and slow up the reconversion process and diminish production and employment.

The keynote is the declaration that it is necessary to get rid of regulations and production limitations as quickly as possible. Regulations put ceilings on initiative, imagination and resourcefulness, the very qualities the country will need most if we are to have a resilient and rapidly expanding economy after the defeat of Japan.

## Organizations Provide Worthwhile Outlet for People in Community—

In this community are scores of social, civic and patriotic and fraternal organizations. Each one has a place and each helps to provide an expression for civic betterment, an outlet for activity and personal improvement.

Most of them have among their objectives that of aiding others, of giving to unfortunates and of bringing happiness to those in need. Many of them accomplish this noble aim, but all of them help their own members in many respects.

We are thinking particularly of the Rotary club, of the Lions club, the Woman's club, the B.P.W.C., the P.-T. A., and such organizations. To make these organizations successful it is necessary for the leaders to give much valuable time and hard work. These efforts, however, are very constructive and very worthwhile. Active organizations, while accomplishing much good for the community, give needed diversion to the members.

## Protest Upland Race Prejudice

Individuals should be judged on their personal worth and not on race, color or creed, Upland Coordinating council proclaimed at its meeting last Friday.

Recently Mrs. Maud M. Linsley told the council that a Cucamonga teacher of Mexican descent has been refused housing in Upland because of race. The coordinating council at that time took a stand in opposition to the practice and Mrs. James Martinez, Harvey Siegrist and Eugene L. Mueller were appointed to draw a statement in writing.

The statement, read by Mrs. Martinez and adopted by the council, follows:

"Some weeks ago a report was made to the Upland Coordinating council concerning the difficulties of a teacher who wished to purchase a home in our city.

"It was stated several real estate dealers had refused to show him property because of his parentage, that is, he was an American of Mexican descent.

"It was the concensus of this council that it is an undemocratic practice to deprive any worthy individual of any privilege or courtesy because of the accident of birth. At the same time, it must be pointed out that each person has an obligation to the whole community, in that the group grows with the growth and progress of the individual.

"Therefore, we wish to urge a true, democratic attitude in the various social and business dealings that bring us in such close contact in our community, with the worth of the individual from the standpoint of culture and worthiness as a basis for judgment rather than race, color or creed."

## New Book in Upland Library "Not for Spiritual Cowards"

"Not for spiritual cowards, the reader will receive an overhauling he will not forget" in a new book at the Upland public library, "Generation of Vipers" by Philip Wylie, Mrs. F. H. Manker, librarian, reports.

It is a powerful book on America and Americans, habits, customs, beliefs and methods of behavior.

There is a chapter on "momism," her work, her politics, her clubs, her motherhood and her religion or lack of it.

"If you are a woman," Mrs Manker says, "you will not enjoy having your 'isms' brought to public attention, but, if your are a man, you will thoroughly enjoy that particular chapter, but perhaps not the one on 'Common Man.'

"It will shock nine out of ten people, but it may not shock you. It may not make you angry, but it will infuriate many."

## Why Coordinating Council Begins Year in September

How it began is always a subject of absorbing interest, and this is the story of how the Upland Coordinating council's calendar year will begin Sept. 1.

When sections of the constitution and by-laws were under discussion last Friday evening, there was some indecision as to when the council's year should start.

It was generally agreed that the first of the month following election of new officers would be satisfactory. And, since, in the past, the elections have been held in August, inquiry was made as to the reason.

Mrs. P. W. Rohrbaugh, president, explained. In August, 1943, Mrs. Jas. Martinez resigned as president and Mrs. Rohrbaugh was elected to succeed her. When Mrs. Rohrbaugh had served a year, she asked the council to schedule a new election and it was held last August, at which time she was reelected.

## Builders Face Many Delays

Rush of buyers to lumber yards has stripped them of priority-free lumber and created such a shortage of carpenters and other building craftsmen that many Southland construction jobs may be seriously delayed, it was revealed by the war production board.

With lumber as scarce as cigarettes, many who start to add bedrooms to their homes or erect small commercial buildings are doomed to disappointment, with the probability that the structures will have to stand half-completed for months before either manpower or materials to finish can be obtained, WPB said.

Lumber dealers are turning away daily from five to 50 persons who want materials. Under new rules, they may buy materials up to a limit of $1000 without applying to WPB, but get no priorities, the announcement said.

"They're jumping the gun—they must think the war is over," Louis M. Dreves, WPB chief, declared.

### 1942 USED CARS NOT NOW RATIONED

dent and presented him with a gavel for his skillful use during the year.

Earlier in the evening Frank K. Nichols, another "P-P," presented orchids to Mrs. Harrison and to Mrs. Mueller as an expression from the club for their part in aiding the club's leaders.

The club has experienced one of its greatest membership increases during the last year and the new members and their wives were introduced.

Singing was enjoyed under the direction of S. Earle Blakeslee, an Ontario Rotarian, and a guest last night. Mrs. Earl H. Johnson was accompanist.

The meeting was held in the Upland Woman's club house and a very delicious dinner—typical of Rotary meetings—was served under the direction of the ways and means committee, of which Mrs. W. R. Farmer is chairman.

Besides Mr. Mueller the new directors of the club for the year are P. H. McQuillen, Albert C. Reynolds, Keith Koehler, L. R. Bradley and Mr. Harrison. Dr. James V. Latimer will continue as secretary. Rather than having the usual sergeant-at-arms, the plan has been offered by the new president of having "jesters". These will be Marion W. Grothe and John "Bus" Andreas.

### KANSAS PICNIC

Annual midsummer Kansas picnic will be held in Bixby park, Long Beach, next Sunday, July 8.

Not All We Want

But Plenty

Yes, we have plenty of food—but, of course, not all we want. In this great nation, we are privileged to enjoy life quite normally even though we are at war.

Food distribution is nation-wide. Manufacturers send their products here and to all cities in the country, thanks to our sturdy economic system.

As we observe the anniversary of our nation's founding, let us appreciate what we have and to enjoy to the fullest everything our free country offers.

Some food shortages may exist in the luxury items but on the whole everyone is able to get all that is needed in rich, nourishing food.

Here at WALKER'S we are constantly alert to bring to our many customers everything that is available.

## Capt. Merton Hill Takes Elizabeth Richardson as Bride

In a setting of white gladioli, potted palms and lighted candles in seven-branch candelabra, Miss Elizabeth Richardson, daughter of Mr. and Mrs. A. B. Richardson, 744 North Vine avenue, Ontario, became the bride of Captain Merton E. Hill, Jr., Sunday afternoon in the Upland Methodist church, the Little Cathedral of the Foothills.

Captain Hill, a native of Upland, is the son of Dr. and Mrs. Merton E. Hill, now of Laguna Beach.

The double ring ceremony was performed by the Rev. Arthur T. Schultz, minister of the First Methodist church of Oxnard and former pastor of Ontario First Methodist church, in the presence of some 250 relatives and friends.

The bride, given in marriage by her father, wore a gown fashioned with a bodice of white satin and lace and a full skirt of marquisette. Her long tulle veil was trimmed with lace. Her necklace of pearls was a gift of the groom and her hand-carved ivory linked bracelet was an heirloom. She carried a shower bouquet of white roses and bouvardia, centered with white orchids.

As the guests were being seated S. Earle Blakeslee presented an interlude of appropriate organ selections, and accompanied Miss Emma Cespedes of Pomona, who sang "Ave Maria" (Gounod), "Because" and "O Perfect Love," the latter at the conclusion of the ceremony. The traditional wedding marches marked the entrance of the bridal party and the recessional.

Mrs. George W. Richardson of Claremont attended the bride as matron of honor. She wore a gown of white with fitted taffeta bodice and full net skirt, and she carried red and white roses. Bridesmaids were Miss Virginia Alderson of Pomona, Miss Trix Topliff of Upland and Miss Dorothy Hessenflow of Glendale. Their gowns were similar to that of the matron of honor, and their bouquets were of American Beauty roses.

Captain Walter B. Hill served his brother as best man, and the ushers were Lt. George W. Richardson of Claremont, brother of the bride; Donovan Schowalter of Upland and Dr. Lowell Hill of Long Beach, another brother of the groom.

Following the nuptial rites, an informal reception was held in the church patio. Mrs. Richardson, the bride's mother, received guests in a floor-length gown of chartreuse with white accessories. Mrs. Hill, mother of the groom, was in flowered crepe with blue accessories. Both wore corsages of white gladioli.

When the couple left for a wedding trip of unannounced destination, the new Mrs. Hill wore a navy gabardine suit with navy blue bag and shoes. Her top coat and gloves were white, and her hat was a red straw sailor. When they return they will be at home to their friends in San Pedro.

Both Captain and Mrs. Richardson are graduates of Chaffey high school. The bride received her degree at the Santa Barbara State college, and for the past several years has been a member of the faculty of the Edison school in Ontario.

Captain Hill is a graduate of the dental school of the University of California at Berkeley. At present he is attached to the medical corps of the United States army as a dentist.

## Marion F. Brown, Jr., Of Submarine Service, Takes Bride in East

Of much interest to Upland friends is the news of the marriage of Marion F. Brown, quartermaster third class in the submarine service of the United States Naval Reserve, and Miss Mary Platsis of Haverhill, Mass. The groom is the son of Mr. and Mrs. Marion F. Brown, 1009 Washington boulevard.

The simple ceremony was performed Saturday evening, June 23, in the West Medford Congregational church in Boston. Plans for a large church wedding in the bride's home town had to be abandoned because the groom's leave was cancelled and he was transferred to another station. His mother had expected to go east for the event.

Quartermaster Brown is a graduate of Chaffey high school and was a student at Chaffey college when he entered the navy in February, 1943. He served in the Atlantic for a short time and was on duty in the South Pacific for nine months. Since last November he has been stationed at Portsmouth, New Hampshire. When his leave was cancelled, he wos sent to New London, Connecticut, and future plans of the couple will depend on his orders.

# You Can Blast Tokyo

**This is a fighting fourth. We've changed firecrackers into blockbusters . . . . and we're shipping them to Hirohito by special air express.**

**These gifts of TNT go with the compliments of you who buy War Bonds—and who keep up buying War Bonds!**

**Make this Independence Day an occasion to further American independence with another bond to carry on the fight.**

**Tomorrow will be observed here quietly. A holiday for some, perhaps, but it will be only a slight pause from the daily task of helping to bring back our boys. We are ever mindful of the fact that the men on the firing front know no holiday and that we must constantly back them to our full limit.**
